

Turbocharger-364 Series System Hose

364 Series System Hose

- 4-ply silicone aramid reinforced configuration.
- Provides excellent resistance for high temperature applications.
- Economical for a wide variety of turbocharger applications.
- Designed and engineered for a wide variety of high temperature turbocharger applications.
- Resistant to minor oil splash and petrochemical exposure.
- Excellent flexibility.
- Recommended for temperatures: -65° to 500°F (-53.9°C to 260°C).
- UV and ozone resistant.
- Fluorocarbon liner available for increased petrochemical combustion residue resistance.
- Heat shield available.

Part Number	Hose ID		Hose OD	
	In	mm	In	mm
364-025	0.25	6.35	0.57	14.48
